DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 01-18-05 has been entered.

Allowable Subject Matter

2. Claims 1-11 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach another aspect of the invention as claimed in claim 11. The claim calls for a thin film magnetic memory device comprising: power supply lines for supplying power to a current driver for supplying a data write current to bit lines, wherein the power supply lines are arranged to extend over memory regions, and no current path is formed in a region of each of the power supply lines that corresponds to a selected memory region selected for a data write operation from the memory regions.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references cited in the form PTO-892 teach flowing of data write current in thin film magnetic memory devices.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
